For Participants paying the entry fee after 1 February 2027, the Organizer does not guarantee assignment to the starting pen corresponding to their declared time.

IV. **Participation**

1. The Race is open to persons who turn 18 no later than 14 March 2027 (born before 14 March 2009).
2. All Participants taking part in the Race must undergo verification at the Race Office or use the Race Kit shipment option (governed by section VI of these Regulations). Verification at the Race Office may be completed:
   2.1. in person – upon presentation of a photo ID and a QR code;
   2.2. by an authorised person – upon presentation of the QR code provided to them and a photocopy/photo of the Participant's identity document.
3. QR codes will be sent by email and text message on the day before the Race Office opens.

6. At the Race Office, Participants will receive Race Kits containing, among other items: a starting number, a timing chip (integrated with the starting number), safety pins, a deposit bag and a commemorative T-shirt (optional, according to the selected Race Kit option). T-shirts at the Race Office will be distributed according to Participants' prior selections. The T-shirt size must be selected in the registration form. The size may be changed by editing the registration form, but no later than 1 February 2027 or until the entry limit is reached, in which case editing will remain available for 7 days after registration closes. The starting number must remain visible throughout the Race. Covering the number (in whole or in part, during any part of the Race) or modifying it is prohibited and will result in disqualification. The timing chip is integrated with the starting number. Tampering with the timing chip (folding, peeling it off, etc.) or placing the starting number anywhere other than horizontally on the front of the chest may cause the chip to malfunction and, consequently, result in no finishing time being recorded.
9. Being on the course of the 21st Warsaw Half Marathon without a valid starting number is prohibited.
10. Transferring your starting number to another person is prohibited and will result in the registered person being disqualified from all events organised by the Warsaw Marathon Foundation for 3 years.
11. The Organizer permits participation in direct-drive wheelchairs. After completing the registration form and indicating their intention to participate in a wheelchair, these Participants should email a scan of a document confirming their disability to info@maratonwarszawski.com. Wheelchair Participants must complete the entire course independently, without assistance from others.

14. The Organizer provides medical services at the start, along the course and at the finish for the duration of the Race.

Appendix 4 to the Regulations of the 21st Warsaw Half Marathon

1. The 21st Warsaw Half Marathon is part of the international SuperHalfs running series.
2. Participation in the SuperHalfs series is voluntary and requires the Participant to register independently on the service operated by SuperHalfs. Registration for the 21st Warsaw Half Marathon does not mean automatic registration for the SuperHalfs series.
3. To record results, correctly link them to a SuperPassport and enable a result to be credited towards the series at a later date, we transfer Participants' personal data to SuperHalfs s.r.o., as the series operator and joint controller of personal data, to the extent necessary for those purposes. The data transferred may include, in particular: first name and surname, year of birth, email address, starting number, gender, citizenship, SuperPassport identifier, Race name and result achieved.
4. Personal data may also be transferred where the Participant does not have a SuperPassport identifier at the time of participation in the Race. In that case, the transfer primarily serves to record the result and enable it to be linked to a SuperPassport at a later date if the Participant subsequently joins the series and requests that a previously completed race be credited towards the series.
5. For the above purposes, personal data are transferred only to the extent necessary to record the result, identify the Participant, and correctly link and credit the result within the SuperHalfs series. Data are not transferred for marketing purposes.
6. The Warsaw Marathon Foundation and SuperHalfs s.r.o. are independent controllers. Each independently determines the purposes, legal bases, scope and retention periods for data processing within its separate processes, in particular those related to organising its own events or services, complying with legal and accounting obligations, pursuing or defending against claims, managing personnel and conducting its own marketing.
7. Data are shared between independent controllers only where each has an appropriate legal basis and the scope of data is limited to the minimum necessary.
